Die Bewertungen der TT Hölzer beziehen sich größtenteils auf Angaben der Hersteller und unseres Test-Teams und können in Bezug auf Tempo, Kontrolle und Biegefestigkeit nicht völlig objektiv sein.

Die ermittelten Werte sollen lediglich zur Orientierung dienen. Zur besseren Einschätzung des persönlichen Spielsystems haben wir die verschiedenen Spielarten nach Kategorien eingeteilt und auf der Katalogseite 5 ausführlich beschrieben.

Die Bewertungsskala unserer Tabellen beginnt theoretisch bei 0 und ist nach oben hin unbegrenzt erweiterbar. Die Kontrollwerte eines Belags oder Holzes stehen immer in direktem Bezug zu dem jeweiligen Tempowert. Beachten Sie bitte auch die ausführlichen Produktbeschreibungen auf den Hauptseiten.

Sollten Sie Fragen haben, vertrauen Sie unserer Fachberatung in einem der zahlreichen Partner-Shops oder rufen Sie uns unter der Beratungs-Hotline: 0231.9588-88 an.
